

## **Report of November 2015 Meeting**

This report is a report of the Pharo consortium.

Present in the discussions were:

S. Ducasse from RMOD  
M. Denker from RMOD  
O. Nierstrasz from SCG  
N. Hartl from 2Denker  
L. Fabresse from EMD  
C. Thorgrimsson from LAMRC  
P. Back from HighOctane  
R. Huttner from Projector  
C. Denker from 2Denker  
J. Brichau from 2Rivers  
S. Eggermont from Sensus

### Agenda Points

- Consortium news
- Financial Status 2015
- Main actions in Pharo 50
- Planned Actions for 2016

## Consortium News

We got new consortium members and one retirement.  
We have today 17 industrial consortium members.

Strong leaves is now gold  
Lifeware is now gold member  
Projector software is now gold  
[inspired.org](http://inspired.org) is bronze  
Thales is under signature for gold member  
Mad Environment left the consortium.

We have today 9 academic members.

## Financial Status 2015

### Guillermo Polito

Guillermo Polito worked 6 months to work on database improvements and help improving Pharo.  
The Garage library

At the date of 20 October 2015

Annual revenue in 2013 20 996,00 €

Annual revenue in 2014 29 516,32 €

Annual revenue in 2015 33 749,33 €

Annual revenue in 2016 planned 52 000,00 € (as of today 46 000,00 signed)

On 2015 we have after expenses : 15 300 €

2015 planned expenses :

- Glorp support (under discussion with E. Maringolo)
- Better OSProcess (under discussion with M. Martinez Peck)

## Some Administrative Facts

Esteban Lorenzano is paid by Inria until October 2016.  
For administrative reasons, Inria will only be able to hire Lorenzano until end of December 2017.

Salaire Lorenzano : 65K euros

Salaire IJD (young engineer) : 46 Keuros

Possible Path: In 2018 Lorenzano creates PharoPro a company to support Pharo and the consortium get moved to this company.

## Retro Planning

		Needed	
2016	Lorenzano	16500	Oct/Nov/Dec 2016
2016	Engineer	0	paid by the consortium
2017	Lorenzano	13000	(65000 - 52000)

## Identified Engineer Tasks

Lorenzano paid by Inria until Oct 2016

- FFI simple for Spur (new object format)
- Spur new object format and migration
- 64 bits

Engineer paid by Inria

- Distribution validation
- Git support

Engineer paid by consortium

- Android (ARM)
- Idle Virtual machine
- Bug fixes
- Fix integration

## Some actions

Pharo Web

We will create a web page hosted at <http://companies.pharo.org> with companies developing in Pharo - even if they are not part of the consortium.

We will create a web page hosted at <http://teachers.pharo.org> with a list of universities teaching using Pharo.

Starter Kit: to support Pharo teacher

Entreprise Pharo: a Web Perspective. The book is underway.

Pharo Mooc

To increase web presence in programmer forum. We will provide an automatic way to publish <http://www.SmalltalkHub.com> hosted projects to <http://www.github.com>.

Pharo days are planned in Belgium. Currently checking some dates.

## Appendix Details

### Consortium income 2015:

2DENKER	2 000,00
LAMRC	4 000,00
ESUG	4 000,00
2DENKER	2 000,00
BETA NINE	2 000,00
SENSUS	1 000,00
MAD ENVIRONNEMENT	1 000,00
2RIVERS	2 000,00
HIGH OCTANE	1 000,00
NETSTYLE	2 000,00
HRWORKS	2 000,00
LabWare	4 000,00
TA MERE	1 000,00
Gemtalk Systems	2 000,00

### Expenses:

There were no expenses in 2013 for the consortium so that it could collect enough money to pay an engineer full time.
